3. バンコク

Type/Utilization		Composition	
Can be composted	Food scraps	54.87	48.41
	Woods and leaves		6.46
Can be reused/recycled	Recyclable Paper	10.64	1.42
	Recyclable Plastics		3.40
	Foam		1.55
	Glass		2.56
	Metals		1.72
To be landfilled	Non-recyclable paper	34.49	6.25
	Non-recyclable plastics		21.43
	Leather and rubber		1.40
	Textiles and garments		3.99
	Stones and ceramics		0.65
	Bones and shells		0.76
Density (kg/litre)		0.38	
Moisture content(%)		55.60	
Volatile solids(%)		37.93	
Ash(%)		6.47	
Heat value (Kcal/Kg)		1373.25
